Subject: Approval of June 2025 Tax Collection Report

Brief Summary:

NCGS 105-350 requires the Tax Collector to submit a report showing the amount of taxes collected.

In the month of January, the NC DMV worked through many refunds of interest paid for registered motor vehicles, due to Helene. The process they used resulted in an overstated levy for the fiscal year because there were two bills and one payment for many registrations, causing the lower percentage collected for the month of January and carrying through the remainder of the year. They have communicated they do not have a timeline for a corrected report and have concerns around additional errors when working through corrections.

As of June 30, 2025, the total levy billed for fiscal year 2025 is 99.45% collected, as compared to 99.78% for fiscal year 2024, as of the end of June.
