Subject: Important Update Regarding Jones Park Playground
To: Asheville City Schools Recipients <recipients@ashevillecityschools.parentlink.net>

"Synergy recommends that the Jones Park Playground structure be "replaced as soon as feasible." The estimated cost to do so is between $85,000 - $150,000 depending on which new structure is selected.

School administrators, district leadership and the Asheville City Board of Education will be exploring several possible options. **Our eventual hope is to replace the beloved playground as funds become available."**

"Therefore, the next step in eventually replacing the beloved playground as funds become available is to remove the current structure."

Jones Park
Jones Elementary School has priority use of the park during regular school hours. Park closes at dusk. Groups must obtain permission through the Jones Elementary School Office.
Help us keep this School playground and park Clean and Safe. Please dispose of litter properly, Be considerate of others, no foul language, no rough play & no alcohol.
The friends of Jones Park wish to recognize the unique partnership between the Asheville City School System and the City of Asheville for their support of Jones Park.
