## Executive Summary

The Buncombe County Juvenile Crime Prevention Council (JCPC), in fulfillment of the duties and responsibilities as set forth in the General Statutes of the State of North Carolina, has reviewed and updated this County Plan for FY26-27. House Bill 593 passed which approved an optional 1 or 2-year funding cycle for DPS JCPC funds, which is determined locally by each JCPC statewide. Also included was Raise the Age in N.C. which directs 16 & 17 years old from District Court to Juvenile Court. In order to see any new possible trends in juvenile justice data (now serving 16 & 17 year old) and to plan programming in the community accordingly, the Buncombe County JCPC approved a 2-year funding cycle. Data continues to be monitored by the JCPC annually, which provides direction to which funding cycle is most beneficial to the community and Council.

The JCPC has identified the issues and factors which have an influence and impact on youth and families who are involved in juvenile court, and those vulnerable or at-risk of juvenile court involvement in Buncombe County. Further, the JCPC has identified the strategies and services most likely to reduce/prevent behavior that could lead to court-involvement.

Monitoring and Evaluation: Each program funded in the past fiscal year by the JCPC has been monitored by the JCPC Monitoring Committee and programs were found in full compliance with DPS JCPC Policy and within the operating parameters of their budget and providing the services as described in their program agreement. The monitoring results and program outcome evaluations were considered in making funding allocation decisions. The JCPC will continue to conduct annual implementation monitoring of its funded programs.

Priorities for Funding: Through a review of risk & needs assessment data, the Youth Assessment Screening Inventory (YASI) data and a community resource assessment, the JCPC has determined that the following services are priorities to serve youth who are court-involved and to reduce/prevent future involvement:

Priority 1: Restitution / Community Service
Priority 2: Restorative Services / Restorative Justice / Teen Court / Conflict Resolution
Priority 3: Interpersonal /Experiential Skills
Priority 4: Substance Misuse/Individual/Group Counseling Services
Priority 5: Vocational Skills
Priority 6: Tutoring/Academic Enhancement/Mentoring
Priority 7: Parent / Family Skill Building
Priority 8: Runaway / Temporary Shelter

Funding Recommendations: In 2025, the Buncombe County JCPC approved a 2-year budget cycle, and released a Request for Proposals (RFP) for both FY26 and FY27. The RFP for was advertised for a minimum of thirty (30) days, the JCPC screened the submitted proposals and determined which proposals best meet the advertised services needed. All approved program applications were funded for 2 years, and all programs received positive monitoring reports from the FY26 JCPC Montoring Committee with recommendations for continued funding during. As such, and as required by statute, the JCPC recommends allocation of the NC Department of Public Safety, Division of Juvenile Justice and Delinquency Prevention funds to the following programs in the amounts specified below for FY2027 fiscal years: (Also, see the Buncombe County Funding Plan with this report.)

| | | |
|---|---|---|
| 1. | Teen Court (Buncombe Alternatives) | $101,100 |
| 2. | Earn and Learn (Buncombe Alternatives) | $200,000 |
| 3. | Kids at Work! & The Connection (Aspire – Buncombe) | $117,716 |
| 4. | PIVOTPoint WNC & PIVOTPoint Prevention (PIVOTPoint WNC) | $131,374 |
| 5. | Umoja and UNETE Restorative Practices Program (Umoja) | $78,787 |

The JCPC further recommends that the following amount be allocated for the administrative costs of the Council for fiscal year 26-27: $15,500.

These funding priorities are recommended in response to ongoing concerns that a significant share of juvenile complaints involve youth with low risk and high strengths, alongside persistent racial and ethnic disparities at the point of referral into the juvenile justice system. At the same time, certain youth risk indicators are increasing, including mental health needs, suicidality, and conflict involving weapons, including firearms. The JCPC recommends expanding alternative pathways to address youth behavior and needs by increasing access to behavioral health, substance misuse, and restorative justice options, continuing to strengthen direct referral pathways from schools and community partners into JCPC-funded and community-based programs, and improving awareness and coordination of available youth supports, including for youth exposed to and involved in violence.

Respectfully Submitted,

Jorge Redmond

## Part I. Youth Assessment and Screening Instrument (YASI) Summary

The Buncombe County Juvenile Crime Prevention Council's Planning Committee reviewed aggregate data from Youth Assessment and Screening Instrument (YASI) assessments from July 1, 2024, through June 30, 2025. This is a measurement tool administered by Juvenile Court Counselors after youth are referred with a complaint alleging that a delinquency act has occurred and before adjudication of the youth. The YASI is an assessment that measures risk, need, and strength/protective factors in youth who are referred to the juvenile justice system, used for measuring risks related to recidivism and developing service plans. The assessment addresses twelve domains: Legal History, Family, Basic Needs, School, Community and Peers, Alcohol and Drugs, Mental Health, Physical Health, Aggression, Attitudes, Skills, and Employment and Free Time.

The full YASI assessment consists of over 100 separate items useful for both predictive risk and case management, so data reported from this review consists of county-level risk factors that may be prioritized by the JCPC for RFP development, as well as for highlighting prevalent issues among court-involved youth that individual programs and community-based organizations will want to consider when working with youth in the county. The aggregate outputs from full YASI assessments are one of the data sources used by the Committee and are the focus of summaries that follow in this document. YASI questions are framed in either a historical context (Legal History, for example), or in some cases, "current" or "prior three-months" timeframes for other, more dynamic, questions.

According to the US Census, the approximate population of youth ages 6 – 17 for Buncombe County is 33,606. During the fiscal year of 2024 – 2025, Buncombe County Juvenile Court Services staff completed 258 YASI assessments (the previous year there were 311 YASI assessments completed). The data provided below is based on the risks, needs, and strengths that are noted during assessments by Juvenile Justice at intake and during case management (at 3-month intervals). There is both a pre-screen assessment and a full assessment, however, in Buncombe County it is standard practice for all court-involved youth to receive the full YASI assessment at intake.

## General Observations and Points of Interest

Between July 1, 2024 – June 30, 2025, Buncombe County saw a decline in the number of youth referred to the Juvenile Justice System from the previous year:

- 277 total complaints were filed in FY25. **Buncombe County had a 43% decrease in the number of complaints from fiscal year 2024, when a total of 650 complaints filed.*
- 132 individual youth were involved with the 277 complaints filed in FY25.
- 151 intakes performed (FY24=254), and 258 YASI assessments completed (FY24=311).

School-Based Complaints declined as well:

- In FY25, 96 school-based complaints were filed, a 71% decrease from 2 years prior (FY24=181, FY23=336).
- 70 individual youth were involved with these school-based complaints: White = 26 youth (36%); Black = 32 youth (44%); Hispanic/Latino = 11 (16%); Other races = (4%)
- 92% (88) of school-based complaints were misdemeanors: 35% were filed on White youth, 43% on Black/African American youth, and 15% on Hispanic/Latino youth.
- 8% (8) were felony charges (the breakdown by race and ethnicity is not available due to the small number of youth with felony charges).

The JCPC received updated Racial and Ethnic Disparity (RED) data, indicating persistent racial disparities, particularly at the front-end of the system.

*Buncombe County Youth Population Overall:* 2023 Census data identified 33,606 youth between the ages of 6 – 17 in Buncombe County, and provided the following demographics:

- 24,570 (73%) identified as White
- 2,866 (9%) identified as Black
- 5,355 (16%) identified as Hispanic/Latino
- 703 (2%) identified as Asian
- 112 (0.33%) identified as Native American/American Indian/Alaskan Native
- Census data provided did not have youth identified as Native Hawaiian, Other Pacific Islander, or Multi-racial

**Despite making up 27% of the youth population, BIPOC youth faced 71% of complaints received.*

- Complaints received by race/ethnicity:
  - White=80 (29%); Black=136 (49%); Hispanic/Latino=39 (14%); Multiracial = 22 (8%)

- Complaints received by Offense Class Groups:
  - 178 (64%) of complaints filed were for minor offenses (Class 1, 2, or 3 misdemeanors)
  - 76 (27%) were for serious offenses (felony class F, G, H, I and misdemeanor A1)
  - 23 (8%) were for most serious offenses (felony class A-E)

- Distinct youth involved in complaints received*:*
  - 132 youth were involved in the 277 complaints filed: White=50 (38%); Black=57 (43%); Hispanic/Latino=19 (14%); Multiracial=(5%)

- Gender: 94 male (71%) and 38 female (29%) out of 132 youth

- Complaints Not Approved/Diverted:
    - 91 out of 277 (33%)
    - White=37 out of 80 (43%); Black=34 out of 136 (36%); Hispanic/Latino=12 out of 39 (31%); Other=8 out of 22 (28%)

- Detention Admissions: 63
    - Total detention admissions data available by Race/Ethnicity: 59
        - White=8 (14%); Black=37 (63%); Hispanic/Latino=10 (17%); Multiracial=(7%)

- Youth Development Center Confinement: 2
- Transfers to Adult Court: 1

Compared to the state, Buncombe County still has higher numbers of youth being referred to DJJ with low risk levels, very low needs, and very high strengths, though the percentage of youth with low risks and needs at intake declined since the previous year.

- Risk Level – 52% of assessed youth exhibited low risks (a decline from 55% the previous year). This is still higher than the state's rate of 44%.
- Needs Level – 29% of assessed youth exhibited very low needs (a decline from 57% the previous year). This is higher than the state's rate of 37%.
- Strengths Level – 72% of assessed youth exhibited high or very high strengths levels (previous year had been 73%). This is higher than the state's rate of 58%.

There are ongoing concerns regarding disparities in school discipline, referrals to court from school, and in community-based referrals. Despite overall reductions, Buncombe County does still have a higher percentage of total complaints filed from schools compared to the state (see "*School Domain, Q3-School-Based Complaints*" on p.2). Consistent with research across the country, in May 2023 the NC Sentencing and Policy Advisory Commission published a Juvenile Recidivism Study (linked here), which noted: "the lowest levels of recidivism correspond[] to the least invasive systemic responses of the juvenile justice system, particularly by intervening with youth short of adjudication… this report and past report findings indicate the most efficient and effective investment of sufficient resources is in the community, at the front end of the juvenile justice system."

Finally, there has been an increase in days that Buncombe County youth were held in Juvenile Detention centers. This includes both youth tried in the juvenile system and youth tried in the adult system who are detained in Juvenile Detention Facilities. Additional information is needed to identify drivers – for instance, additional information on detention stays by charge types or exit reasons (bond out vs release to parents) would help inform appropriate interventions.

## YASI Elevated Risks, Needs, & Strengths:

**Legal History**

**Q4** Felony Referrals to DJJ – 26% (67) of youth assessed had a felony referral. This is lower than the state's rate of 35%.

**Q6** Previous Weapon Offense – 15% (39) of youth assessed had a previous weapon offense. This is an increase from 10% (31) the previous year. While lower than the state's rate of 17%, this increase is still concerning.

**Q7** Person crimes – 45% (116) of youth assessed were referred for person crimes. This is higher than the state's rate of 41%.

**Family Domain**

**Q1** Runaway from Home or Placement – 13% (34) of youth reported incidents of running away. This is a decrease from 15% the previous year. While under the NC average (21%), it is still of concern especially given gaps in community services. 5% of youth reported being kicked out (NC=6%).

**Q4** Family Alcohol/Substance Abuse – 6% (12) of youth assessed had a family member with reported alcohol and/or substance abuse issues compared to the state's rate of 12%.

**Q4** Family Mental Health – 13% (34) of youth assessed had a family member with a history of mental health concerns.

**Q4** Family Member Legal History – 28% (72) of youth assessed had a family member with prior history with the criminal legal system compared to the state's rate of 24%.

**Q4** Family Member Violent History – 5% (13) of youth assessed had a family member with prior violent criminal history; an increase from the previous year's 1% (4) of youth assessed.

**Q6** Living Arrangements – 8% (21) of youth assessed were living in foster care, independent living, or other environment rather than living with a parent, sibling, or relative (the number of youth assessed has been between 20 – 21 per year since FY22).

**Q7** Parent/Custodian Supervision – 84% of youth assessed in Buncombe reported good/some supervision, while 14% (36) reported some/frequently or consistently inadequate supervision (an increase from 9% in FY24).

**School Domain**

**Q1/Q10** School Enrollment Status – 1% (3) of youth assessed were suspended at the point of assessment, a decrease from the previous year's 4% and less than the state's rate of 3%. Over the previous 2 years, 76% (179) had been assigned one or more OSS (NC=61%) and 64% (151) had been assigned one or more ISS (NC=42%).

**Q2** School Attendance – 13% (34) of youth assessed had 5 or more unexcused absences (NC=19%).

**Q3** School-Based Complaints – 29% (75) of youth who qualified for the School Domain of YASI questions had a police report filed by schools. This is a significant decrease from the previous year's rate of 45%, however, it is still higher than the state average (NC=22%).

**Q4** Academic Performance – 15% (39) of youth assessed were failing some classes (NC=15%), and 8% (21) were failing most classes (NC=14%).

**Q12** School Activities – 30% of the youth assessed were interested in school activities but they were not involved in those activities (NC=31%). 36% of the youth assessed had no interest and were not involved in school activities (NC=28%).

**Community & Peers Domain**
**Q1** Peers/Associates – 35% (90) of the youth assessed reported spending time with friends with negative influence, and 13% reported having no friends or companions.

**Alcohol/Drugs Domain** – The following data from the alcohol/drug domain represents youth who answered "Yes" to alcohol and/or drug use. Out of youth assessed for Buncombe County, 40% (104) of youth answered "Yes" to alcohol and/or drug use.

**Q1** Age at 1st Use – Of the youth who answered "Yes" to alcohol and/or drug use: 10% (10) reported being under 12 years old at first use compared to 11% across the state; 74% (77) reported first use between the ages of 12-15 compared to the state's rate of 78%.

**Q1** Use Disrupts Function – 21% (22) of the youth who answered "Yes" to alcohol and/or drug use stated that the usage disrupted their daily functions. This typically indicates that treatment is warranted. The state's rate was 29%.

**Mental Health Domain** – 38% (99) of Buncombe youth assessed answered yes to having mental health problems and to being diagnosed with a mental health disorder. 21% of youth assessed were currently receiving mental health treatment.

**Q3** History of Suicidality – 14% (35) of youth assessed had a history of suicidal thoughts or ideation. This is higher than the state rate of 9%.

**Q5** History of Abuse (by a parent including biological, step, adopted, and legal guardians) – 9% (22) of the youth assessed reported a history of physical abuse (NC=8%). 4% of youth assessed reported a history of sexual abuse (NC=6%).

**Q6** Victimization History (by a peer or older person) – 9% (24) of youth assessed reported experiences of sexual vulnerability, 8% reported experiences of being bullied, and 8% reported experiencing physical assault.

**Aggression Domain**
**Q1** Violence – Of Buncombe youth assessed in FY25:

- 13% (34) had displayed a weapon (NC 11%); this is an increase in both the number and percentage of local youth who displayed a weapon the previous year (FY24=24%, 21)

- 6% (15) had used a weapon (NC 8%); (increase since FY24=4%, 13)
- 13% (34) had indications of bullying/threatening (NC 22%)
- 12% (31) of destruction of property (NC 12%); (increase since FY24=7%, 23)
- 44% (114) of assaultive behavior (NC 39%);
- 4% (11) of assault with a serious injury (NC 4%)

**Employment and Free Time Domain**
**Q1** Employment – 27% of youth assessed were currently employed, 66% had never been employed, and 13% reported prior successful employment.

**Q5 & Q6** Free Time – 27% of youth assessed participated in one or more structured activities.

## II. Summary of Community Resources

See attached Youth Resource Guide (Continuum of Services).

## III. Summary of Gaps and Barriers in the Continuum of Services

- **Restitution/Community Service** to address needs for positive peer support and provide diversion and restitution pathways for court-involved youth. *Earn and Learn is a necessary service used regularly by court services; not available without JCPC funding.*
- **Restorative Services/Restorative Justice/Teen Court/Conflict Resolution**, to address school conflict, needs for positive peer support, and to provide alternative responses to reduce school-based complaints for youth. *Restorative practices are implemented in some schools; need remains for more restorative justice diversion when harm has occurred. Teen Court's diversion program receives referrals from court services and directly from schools. Umoja and UNETE receive JCPC funding to provide restorative practices services for youth referred by court services, schools, and community.*
- **Interpersonal and Experiential Skill-building** to address school conflict, the need for positive peer support, mental health needs, and conflict in the home. *Kids at Work! and PIVOTPoint are JCPC-funded diversion programs that support building these skills.*
- **Substance Misuse/Individual/Group Counseling Services** to address the need for behavioral health services for youth. *Continued need for increased access to substance misuse/individual/group counseling as a community-based intervention.*
- **Vocational Skill-building** to address needs for employment and structured activities. *JCPC-programs The Connection and Kids at Work! offer vocational skill-building, however, more community-based vocational opportunities are still needed.*
- **Tutoring / Academic Enhancement / Mentoring,** particularly to address needs related to school conflict, attendance, academic performance, and desire for involvement in activities. *Some tutoring and mentoring are offered through community programs and are an ongoing need.*
- **Parent/Family Skill Building**, particularly to address histories of abuse and/or victimization, conflict in the home, and the need for family supervision skills. *Currently offered through other community programs. TASK (Treatment Alternatives for Sexualized Kids) provides services for court-involved youth addressing problematic sexual behavior through Intensive Intervention funds.*
- **Runaway / Temporary Shelter** to address needs related to incidents of running away from home or placement, history of abuse, and the need for family supervision skills. *There is not a primary resource for temporary and runaway shelter for youth in Buncombe County. When needed, DJJ is currently using community placements funded by other sources.*

## IV. Proposed Priority Services for Funding

The committee compared the services needed to address the elevated identified risks and needs with services currently available in the community. Priorities were determined, in part, based on ranking dispositional alternatives as top priorities, then diversion programs, and finally other needed services. Through reviewing the Youth Assessment Screening Inventory (YASI) data, and a community resource assessment, the JCPC has determined that the following services are priorities to serve youth who are court-involved and to reduce/prevent future involvement:

**Priority 1:** **Restitution / Community Service**
**Priority 2:** **Restorative Services / Restorative Justice / Teen Court / Conflict Resolution**
**Priority 3:** **Interpersonal /Experiential Skills**
**Priority 4:** **Substance Misuse/Individual/Group Counseling Services**
**Priority 5:** **Vocational Skills**
**Priority 6:** **Tutoring/Academic Enhancement/Mentoring**
**Priority 7:** **Parent / Family Skill Building**
**Priority 8:** **Runaway / Temporary Shelter**

These funding priorities respond to ongoing concerns that a significant share of juvenile complaints involve youth with low risk and high strengths, alongside persistent racial and ethnic disparities at the point of complaint filing. While juvenile system involvement in Buncombe County is declining (complaints are down 43% from FY24 supported by increased front-end diversion to JCPC-funded programs, community-based interventions, and School-Justice Partnership strategies) school-based complaints remain above the state average, and the greatest disparities continue to occur at system entry.

At the same time, certain youth risk indicators are increasing, including mental health needs, suicidality (above state rates), and conflict involving weapons. DJJ Court Counselors identify access to weapons, particularly firearms, as a priority concern. System gaps limit coordinated supports for 16–17-year-olds charged with A-E felonies who are now charged as adults since HB834 was implemented December 1, 2024, and for youth transferred to adult court.

The committee recommends expanding alternative pathways to address youth behavior and needs by increasing access to behavioral health, substance misuse, and restorative justice options, continuing to strengthen direct referral pathways from schools and community partners into JCPC-funded and community-based programs, and improving awareness and coordination of available youth supports, including for youth exposed to and involved in violence. Additional action steps discussed include elevating youth voice and lived experience in program design (including input from youth involved with JCPC programs and court services), assessing the impacts of Hurricane Helene on youth trauma and service needs, expanding mental health and substance misuse services within existing youth programs, and leveraging the growing network of clinicians of color and community partnerships to strengthen culturally responsive supports for youth.

# Buncombe County Juvenile Crime Prevention Council – Request for Proposals

The Buncombe County Juvenile Crime Prevention Council (JCPC) studied risks, needs, and strengths of youth involved in Juvenile Court and hereby publishes this RFP. The JCPC anticipates $644,477 from the NC Dept. of Public Safety (NCDPS) to fund program types listed below that serve court-involved youth and youth at-risk of court-involvement. The JCPC will approve 1-to-2-year awards (FY25-FY27) beginning on or after July 1, 2025, depending on JCPC approval and programs meeting all requirements. **Local programs must provide a match of 30%.**

**Based on identified needed programs and possible gaps in the service continuum, the following program types will be considered for funding:**

1) Restitution / Community Service
2) Restorative Services / Restorative Justice / Teen Court / Conflict Resolution
3) Interpersonal / Experiential Skills
4) Vocational Skills
5) Tutoring / Academic Enhancement / Mentoring
6) Substance Misuse/Individual/Group Counseling Services
7) Parent / Family Skill Building
8) Runaway / Temporary Shelter

**Programs that reduce risks, address needs, and increase protective factors for youth will be considered for funding.** Elevated risks and needs identified for youth in Buncombe County by the Youth Assessment Screening Instrument (YASI) include the following: *(See linked Summary Risk & Needs Report, December, 2024)*

- Need for positive peer influence, friends, and companions.
- Mental Health (including history of abuse and victimization)
- Alcohol/Substance Use (Age at 1st use and support those whose use disrupts function)
- Family Alcohol/Substance Use
- Assaultive behavior
- Runaway from Home or Placement
- Employment and Free Time (including increasing participation in structured and unstructured activities)
- School Enrollment, Attendance, Conflict, Academic Performance, Engagement with Activities

**Applicants should provide:**

- Services that are effective with youth and families involved with the juvenile justice system and align with NCDPS JCPC Minimum Standards (linked here).
- Services that are outcome-based and have an evaluation component.
- Awareness of and sensitivity to Racial and Ethnic Disparities in the County.

*Only local public agencies, 501c3 non-profit organizations and local housing authorities will be considered for funding.*

**Interested organizations are required to complete an online application at the NC Dept of Public Safety website**. Application instructions are linked here: Program Agreement Information | NC DPS. Private non-profits are also required to submit: 1) No Over Due Tax form, 2) DPS Conflict of Interest Statement, 3) Agency Conflict of Interest Policy, and 4) Proof of 501(c)(3) status.

**New Applicants are required to attend a JCPC Program Application Orientation Workshop on Thurs. Feb. 6 at 1:30 pm via Webex.** Contact Lorraine Williams (info below) to register.

- **Application submission deadline is Tuesday, Mar. 4, 2025, by 5pm.** All applications must be submitted in NCAllies.
- ***Applicants will be required to present their proposal during an all-day Allocations Hearing on March 12th.***

**For more info, please contact:**

- JCPC Administrator, Hannah.Legerton@buncombecounty.org, 828-250-4087
- NCDPS Area Consultant, Lorraine.williams@ncdps.gov, 828-405-4056 (Application technical assistance & workshop)

**The deadline for submitting an application:** **03/04/25 by 5pm**

**Submit on NCALLIES and email a copy to Hannah.Legerton@buncombecounty.org. Contact Lorraine Williams for support.**

# Program Enhancement Plan (PEP)

**Program/Component:** Umoja UNETE Restorative Practices Program

**Brief Description:** Umoja Health Wellness and Justice Collective (www.umojahwj.org) and UNETE (www.unetenc.org) will deliver evidence-based restorative services for youth and families engaged with Juvenile Justice in Buncombe County. Based in trauma-informed and resiliency-based curricula at both organizations, we will deliver flexible services within the following modes: mediation, conferencing between affected parties, and circles to reduce recidivism, prevent future complaints, heal trauma, and share resources.

| | Enhancement Opportunity | Action Steps | Responsible Party | Progress Report: Describe progress made, include date, what has been completed, in process or no progress |
|---|---|---|---|---|
| **Quality of Service Delivery** | Restorative Practices/Mentoring/ Conferencing with Clients and Familes | Continue and increase the work with school systems to look at incidence of absenteeism and behavioral/social challenges. | JCPS Staff from Umoja and UNETE | Our work with clients continues along dates that follow the school calendar. Recently a client has had difficulty navigating the various systems that respond to family/client conflicts. |
| | Program Evaluation (Q of S Score 2): Consistently collect data from student and parent surveys. | The program has client files and has been working on ensuring the data entry for clients into NC ALLIES is accurate and up to date. Of the files reviewed, several were available for review, several were unavailable due to review at the time of monitoring, and several had most items present but had not been terminated from NC ALLIES within the appropriate time outlined by JCPC policy. | JCPS Staff from Umoja and UNETE | Karen Hayes Roberts (KHR) has transitioned into the JCPC program coordinator. We continue to work on ways to review files and other program practices regularly to ensure consistency will increase program effectiveness. |
| | Staff Training (Q of S Score 2): Clarify annual staff training requirements. | Training is sometimes inconsistent and the organization is still working to organize their training protocols for the JCPC Restorative Practices Program offererred jointly by Umoja and Unete. | JCPS Staff from Umoja and UNETE | Training: Umoja has received a grant from Mtn Area Workforce Dev Board for staff trainings (incl UNETE) for Youth Mental Health First Aid (and Train the trainer) Restorative practices cont to be offered by UW. KHR is currently training on JCPC model and NC Allies best practices. |
| | Staff Evelaution (Qof S Score 2) | Staff Eval: Umoja has worked to develop some good staff training and peer evaluation models to use in the program. The program has an HR checklist, onboarding process, and a peer review process. In spite of this work, program evaluations were not present in the staff files, however. | JCPS Staff from Umoja and UNETE | We are introducing the Apricot case management system to better track JCPC and HOPE 4 the Future case data. We would welcome any JCPC funded org experiences with a similar integration project. |
| | Staff Retention (Q of S Score 2) | Staff Retention: There were fourteen employees that worked for Umoja including the Operations Direction and Executive Director/Program Manager. Five of those staff members no longer work with Umoja, averaging a 64% retention rate in the past 14 months since program began. | JCPS Staff from Umoja and UNETE | Retention: We cont to have good staff retention across all youth centered programs and have devoted key personell (KHR) to JCPC. |

JCPC YOUTH SERVICES

# INTERVENTION & PREVENTION RESOURCE GUIDE

## FOR BUNCOMBE COUNTY

BUNCOMBE COUNTY
PEOPLE TO MATCH OUR MOUNTAINS
NORTH CAROLINA

**LAST UPDATED:**
December 2025

# DEAR BUNCOMBE COUNTY COMMUNITY MEMBERS,

We are pleased to introduce the Juvenile Crime Prevention Council (JCPC) Youth Services: Intervention & Prevention Resource Guide for Buncombe County, a compilation of services and support designed to enhance the well-being and development of youth in our community.

North Carolina established JCPCs in the late 1990s as a state & local partnership to provide alternatives to youth development centers (YDCs) and offer noninstitutional dispositional interventions that protect both the community and youth. Buncombe County faces challenges with high numbers of youth referred to the Juvenile Justice system for low level behaviors (see JCPC Summary Risk & Needs Report, December, 2025). Concerns persist about the high percentage of school-based complaints filed in Buncombe County compared to the state, and recent reports demonstrating inequities in school discipline and referrals to court from the ACLU and the NCDPS Division of Juvenile Justice.

Consistent with research across the country, in May 2023 the NC Sentencing and Policy Advisory Commission published a Juvenile Recidivism Study (linked here), which noted: “the lowest levels of recidivism correspond to the least invasive systemic responses of the juvenile justice system, particularly by intervening with youth short of adjudication… this report and past report findings indicate the most efficient and effective investment of sufficient resources is in the community, at the front end of the juvenile justice system.”

Aligning with these findings, the JCPC advocates for increasing alternative pathways to respond to youth behavior and needs, emphasizing behavioral health and restorative justice opportunities, increasing access to other JCPC-funded programs through direct referrals from school and community partners, and increasing awareness of community-based resources available to support youth.

Please explore this resource guide as a reference point for programs, interventions, and support available to our youth. We hope that by centralizing this information, we can foster a more informed and connected community, working collaboratively to uplift and empower the next generation. We look forward to a collaborative effort in building a stronger, safer, and more supportive community for our youth.

Sincerely,

Jorge Redmond, Chair, Juvenile Crime Prevention Council, Senior Attorney, Buncombe County Sheriff’s Office

Hannah Legerton, Youth Justice Division Manager, Buncombe County Justice Services

# OVERVIEW

*The purpose of this resource guide is to document a continuum of services available for youth. The following is a list of existing resources – it is not a measure of resource effectiveness and/or sustainability.*

## Buncombe County JCPC Funded Programs: July 1, 2025 – June 30, 2026

JCPC programs serve youth involved in the court system – or at risk of involvement – through intervention, diversion, treatment, and aftercare to support families and community safety.

- **Aspire Youth & Family:** 828-556-1155 or 828-226-5533, robin@aspirenc.org.
  - Kids At Work! Interpersonal skills development program for 12 to 17 year-olds to learn cooking skills, better methods of communication, skills to get hired for jobs, and gain ServSafe Certification. Participants do not have to be enrolled in school to participate.
  - The Connection Youth learn entrepreneurial and vocational skills through a music production job training program.

- **Buncombe Alternatives:**
  - Teen Court Diversion from juvenile court and alternative to suspension for youth who take responsibility for low-level behaviors by participating in court proceedings held by trained youth and adult volunteers. Teen Court does not decide guilt or innocence but centers on lowered recidivism through restorative justice. (828)707-2113, jamielee@buncombealternatives.org.
  - Earn and Learn: Restorative Community Service Works with youth assigned community service and/or given a monetary compensation requirement. Through supervised, assigned work and evidence-based journaling, youth provide important service to the community, are held accountable for their actions, and given the opportunity to acknowledge harm they may have caused. (828)707-3800, juan@buncombealternatives.org.

- **PIVOTPoint WNC** Therapeutic adventure- and nature-based interventions for youth ages 14+ who are court-involved, diverted, or at-risk of court involvement. Introduces personal agency development and pro-social skills, reducing substance use and recidivism, using CBT, Experiential Coaching, Mindfulness-based practice, Acceptance and Commitment Therapy, and Person-Centered therapy. (828) 560-3123, admissions@pivotpointwnc.com.

- **Umoja Health Wellness & Justice Collective + UNETE** Restorative Practices Program uses trauma and resiliency-based curriculums to deliver flexible services for youth and families including: mediation, conferencing between affected parties, and circles to reduce recidivism, prevent future complaints, heal trauma, & share resources. Umoja: (828) 490-5774, umojahwjcollective@gmail.com, UNETE: (828) 273-9065, contactus@unetenc.org.
