Suggested Motion(s): Approval of Grant Application Submission

---

SUMMARY: These are only in the beginning stages in the application process.

Gary Sinise Foundation Grant. This grant has opened up to assist emergency services with equipment purchases in their facilities. We would be applying for 2- four-wheelers within this grant funding. This equipment will assist with missing individuals, traffic issues in Wilson's Creek during peak season, and larger events where the Sheriff's Office is called upon to assist.

Budget Impact: **There is 20% match required for this grant so smaller budget impact in the amount of $3636.90 for the agency.**

Is this expenditure approved in the current fiscal year budget? No

If not, describe how it will be funded. There is a 20% match needed for this grant, so if the project is not funded through the Gary Sinise Foundation, we will continue to search for other grants to find the funding for the project. The $3636.90 required for the match can be absorbed through funds within the Sheriff's Office budget.
