Suggested Motion(s):

SUMMARY: Caldwell County Sheriff's Office applied for $9504.00 from the 2024Black Rifle Coffee Company Fund grants for the Sheriff's Office.

We applied for the cost of tuition for a SANS FOR500 Windows Forensic Analysis class for Detective Hanson. This class is the second module of training for him on the Magnet Axiom software we received through funding from Operation Rescue. Operation Rescue paid for the forensic computer, Magnet Axiom software, and the first training course for him.

This course is working towards his certification as a GIAC Certified Forensic Examiner.

Budget Impact:

Is this expenditure approved in the current fiscal year budget? No. If received this will cover the tuition needed to attend. We will utilize the training budget to cover housing expenses during the 6-day course timeframe. We are trying to offset some of the costs to the training budget due to the expensive nature of these courses. If we do not receive the funding from Black Rifle we will look for other funding options and not attend until received.

If not, describe how it will be funded.
