Why do you want to serve on the Town Council?

Serving on the Town Council would further provide the opportunity to serve my community through my diverse set of skills and abilities. Over the years, I have been a part of several amazing organizations that have helped individuals as well as organization obtain "life, liberty, and the pursuit of happiness". Some examples of these are the Junior Women's Club of Hendersonville, Habitat for Humanity, Biltmore Church, and others. As part of the Junior Women's Club of Hendersonville, I ran the Children's Clothing Closet which provided children, who were in need, a week's worth of new clothes. As part of the Habitat for Humanity, I served on the decision board which enabled families to obtain affordable housing and their forever home.

Why do you think that you would be an asset to this council?

I would be an asset to the Town Council because I share values with the community and current council members that ensures the well-being of not only my generation, but the next. Our children need to be surrounded by solid foundations and good morals. They need to have a strong town and community that they can be proud of. My assets are my voice and my ears. I will listen to the residents of the district to ensure their voices are heard. Being a native, I recognize the importance to protect the roots and values of the area. The residents of District 1 are solid grounded people as are the people of Fletcher. I feel I would be an excellent choice in being the voice and advocate for this district and if given the opportunity, I can assure you that I will serve as the voice of District 1.

Why do you want to serve on the Town Council? The following material also answers the next two sections: "Why do you think you would be an asset to this council?" and "Comments."

As Fletcher continues to grow, it is important that Town leaders recognize on the one hand, the dangers of unfettered and willy-nilly growth in industry, commerce, and housing which will inevitably lead to troublesome and difficult challenges with traffic, infrastructure, public works, police and fire services, etc.

And on the other hand, Town leaders must also govern with adherence to the Constitution of the United States and the Constitution of the State of North Carolina. After all, we take a solemn oath to do just that. This is critical in this era when we observe government at all levels overreaching in their power and thereby eroding the liberties and Constitutionally-guaranteed rights of individuals.

Having been a serious student of both sides of the above for nearly five decades, as well as experience as listed below, I have the requisite wisdom to help the Town navigate that balance between competent, frugal, forward-planning, and responsive government on the one hand, and respecting, supporting, and defending the Constitution on the other.

The following additional information (edited) was submitted to the Council, dated January 3, 2022, when I applied to serve on the Fletcher Planning and Zoning

Board. I have subsequently served thereon without missing a meeting, to the best of my recollection.

Planning & Zoning Board Application Addendum re:

qualifications of Dr. James W. Bruggeman, January 3, 2022

Resident of Fletcher: 15 years (as of January 2022)

Veteran: USAF, Active Duty: 1968-1972, plus two years Inactive Reserve. Took one year of training in electronics; worked on heavy ground radar. Honorably discharged.

B. A., Journalism/Public Relations (1975)

Ph. D., Biblical Studies & Theology (2009)

After graduation from the Ohio State University, I worked as an account executive for a public relations counseling firm in Columbus, Ohio.

I then served as the sole Public Information Officer for the City of Columbus, Department of Development. The Department consisted of three Divisions: Planning, Zoning, and Code Enforcement.

The Department had about 360 employees. I attended many Columbus City Council meetings to assist our Director and to deal with Media Relations.

I moved my family to Palm Beach County, Florida in June, 1980, where I was co-founder of Bruggeman Construction, Inc. I was a state-licensed General Contractor (FL). We employed 165 persons at our peak and had over 100 employees on payroll for several years surrounding the peak.

We focused primarily on commercial and residential construction, chiefly shopping plazas, shops, and restaurants in the commercial sector. In the residential sector, we built single-family and multifamily housing.

After moving to WNC in late 1987, I held a NC Residential Contractor license, as well as a NC Real Estate Broker's license. I let both lapse after I founded Stone Kingdom Ministries and went into full-time ministry in 1991.
