CZ-3-2024A
Lincoln Meadows Phase II
Parcel IDS 17645, 01047 and a portion of 01049

SUMMARY

Background:
The applicant is requesting to amend the site plan for CZ-3-2024, Lincoln Meadows Phase II, originally approved on March 7, 2024. The original application from Olga R. Epple requested a conditional district rezoning of approximately 71.20 acres of land from R-8, R-15, and RMF to Planned Residential District (PRD) to develop a residential community consisting of 80 single-family detached dwellings and 107 townhomes. The subject property is located along Wilma Sigmon Rd, Mull Rd, U.S. Highway 321, and the end of Mallory Tai Drive (adjacent to Lincoln Meadows Subdivision). (Parcel ID 01047, 17645, and a portion of 01049).

Proposed Changes:
The amendment is to allow an adjustment of the proposed boundary line along the portion of the parcel that is zoned N-B (Neighborhood Business). The portion no longer in N-B (Neighborhood Business) would then be rezoned to be included in the Planned Residential District PRD.

LAND USE PLAN COMPLIANCE

LAND USE PLAN

The land use plan shows the property in the mostly in the Neighborhood Business area with a portion in Mixed-Use Residential/Commercial Planning Area.

Mixed-Use Residential/Commercial These are planning areas in select, older portions of the City where true "urban villages" consisting of high-density residential uses (both single- and multi-family) and associated small-scale and pedestrian-oriented offices and retail uses may be located. The thrust behind these planning areas is to create areas in which persons are able to both live, work and shop. They are designed to emulate development patterns from the early and mid portions of the twentieth century when reliance on the automobile was not paramount. In order for such a concept to be feasible, an area of significant size must be so designated thus ensuring that there will be ample room for the variety of uses needed to create a "village."

Staff views this project as consistent with the Land Use Plan.
