BURKECOUNTY

Animal Services Departmental Update

BURKECOUNTY

FOCUS AREA 1: COMMUNITY ADVANCEMENT

To invest in cultural capital and advancement strategies that promote participative governance that elevates a community to live, work and play – while also positioning Burke County as a community of choice.

FOCUS AREA 2: ECONOMIC GROWTH & SUSTAINMENT

Promotion of Burke County as a business and economic center in the region through recruitment of new industry, creating a healthy business climate for existing businesses.

FOCUS AREA 3: PUBLIC SAFETY& WELL BEING

To ensure the safety of our residents through efficient and effective public safety agencies.

FOCUS AREA 4: FISCAL STEWARDSHIP

Pursuit of the high-performing organization model that ensures high quality, transparent and efficient use of public resources.

FOCUS AREA 5: EMPLOYER OF CHOICE

To promote a professional value-based employee centric workplace that promotes innovation, performance, and integrity, and differentiation.

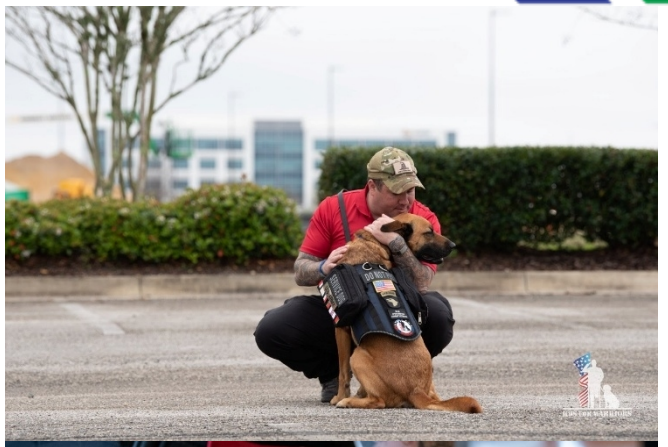

Why do we do what we do?

Our mission aligns directly with Burke County's vision of *improving lives in Burke County.*

Every program we offer — from reuniting lost pets and providing community resources, to supporting responsible ownership and public safety — strengthens the connection between people and animals.

By focusing on compassion, collaboration, and responsible stewardship, we're not just serving animals — we're improving the lives of the people who love them and the communities they live in.

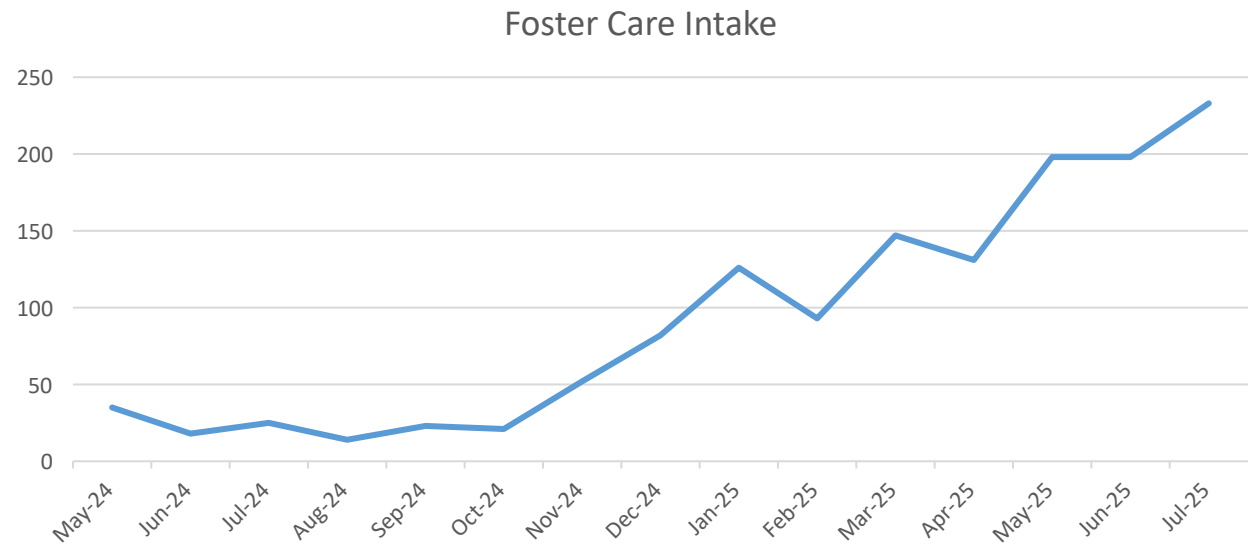

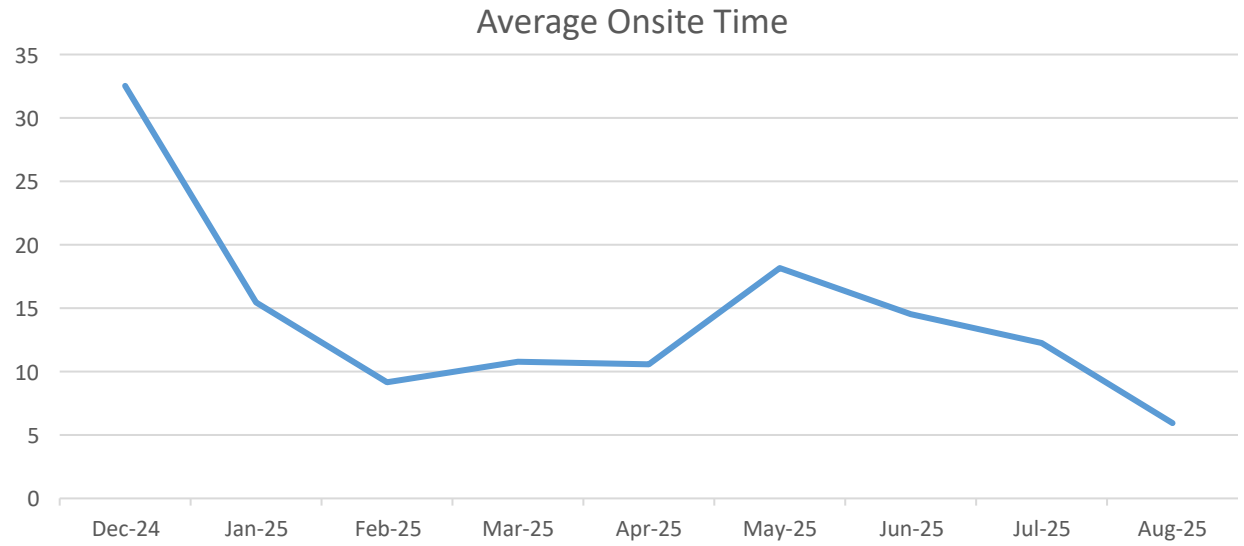

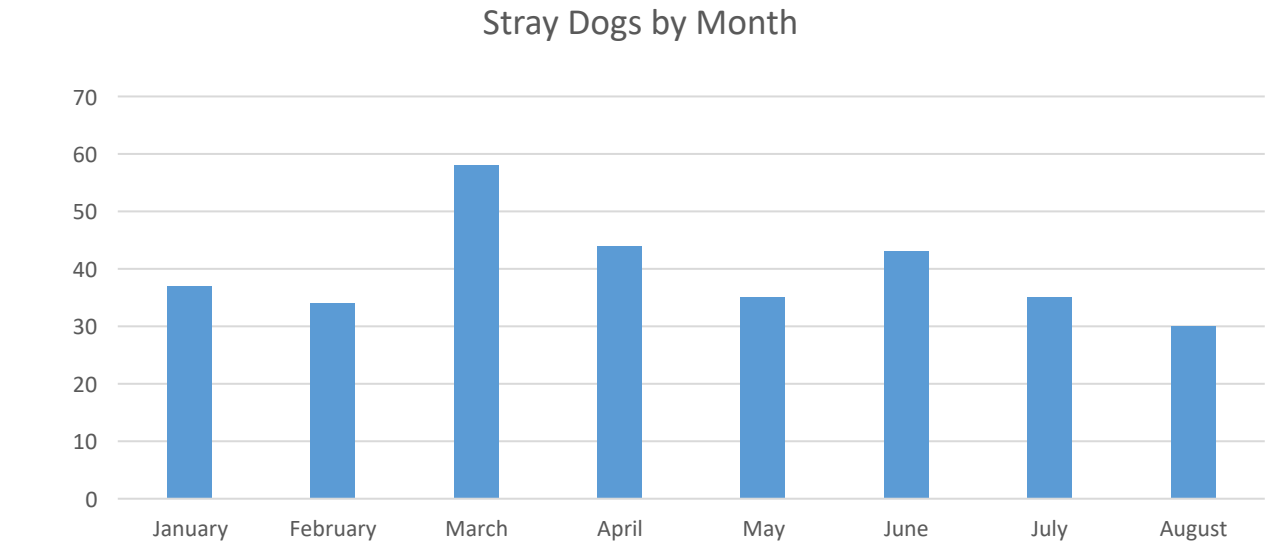

Key Performance Indicators (KPIs)

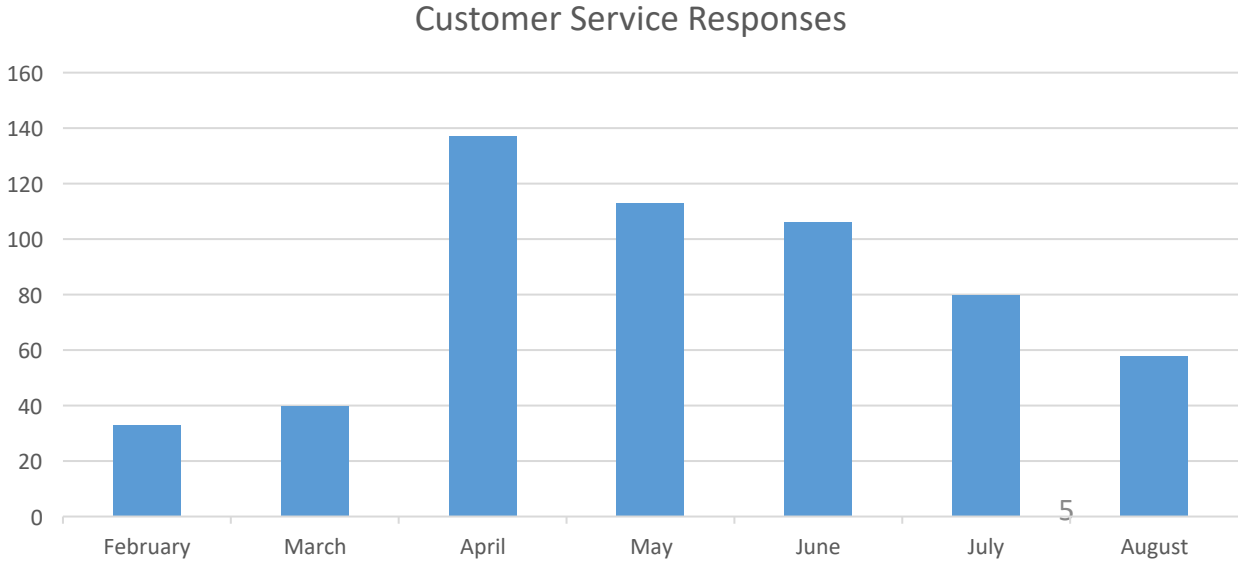

1. Field Return to owner (RTO)
   - Ability of animal control to mitigate shelter population
2. Community Support Service Utilization
   - Ability to reduce shelter intake through support services
3. Average Length of Stay
   - Shelter thruput and overall efficiency
4. Door Count
   - Community interest and support to meet departmental goals

Operational Performance Overview

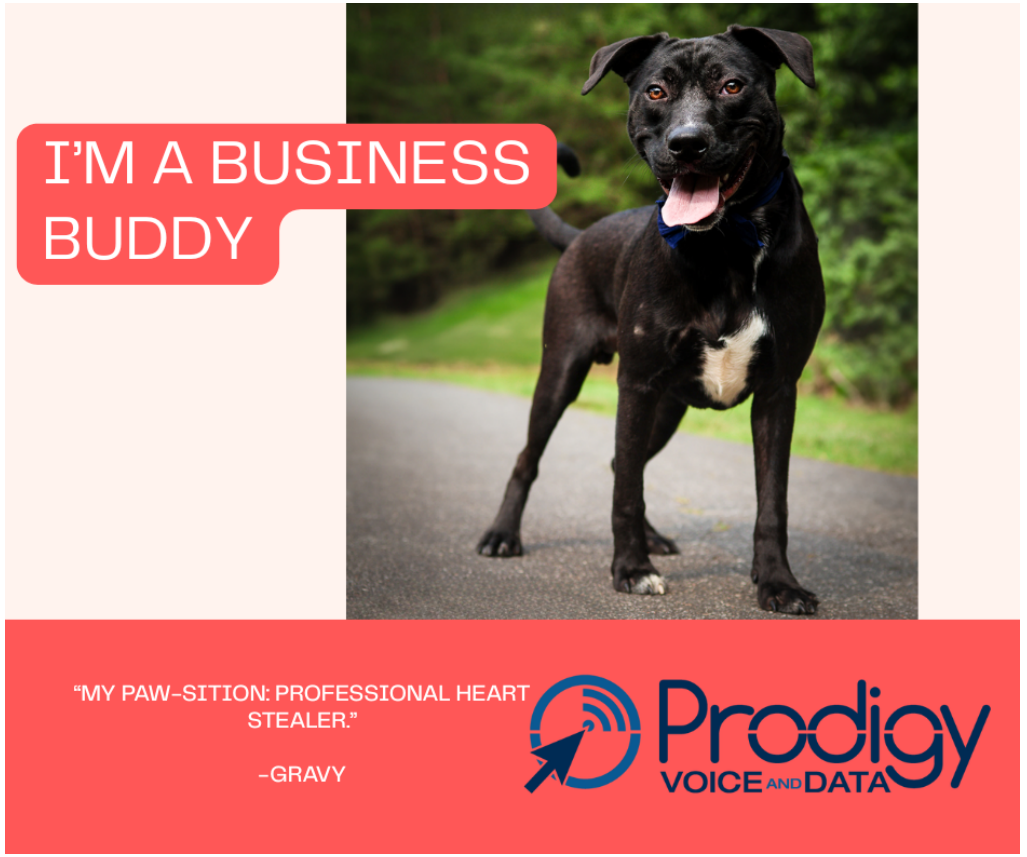

Highlights and Accomplishments

- Business Buddies
- Community Outreach and Field Support
- Reunification Efforts

Business Buddies

- Reason for Implementation: Gap analysis performed for animals experiencing longer average length of stay and found that our large dogs (over 50lbs) were sitting longer than others.
- Strong participation from local businesses, which resulted in new community partnerships and visibility. The business with the most adoptions received a brick at the new animal shelter.
- We adopted 12 long-term residents during the month of September. We are actively recruiting for our next month-long competition.

Reunification Efforts

- Continued success with “Free Ride Home” and “Finder to Foster” programs.
- Data analysis shows that we have the highest return to owner rate back to the City of Morganton.
- We will be installing a microchip scanning station and hosting a free microchip clinic to keep these animals out of the shelter.
- We are also working with GIS on an interactive citizen lost/found pet map.
- Reduced shelter crowding and stress for both staff and animals.

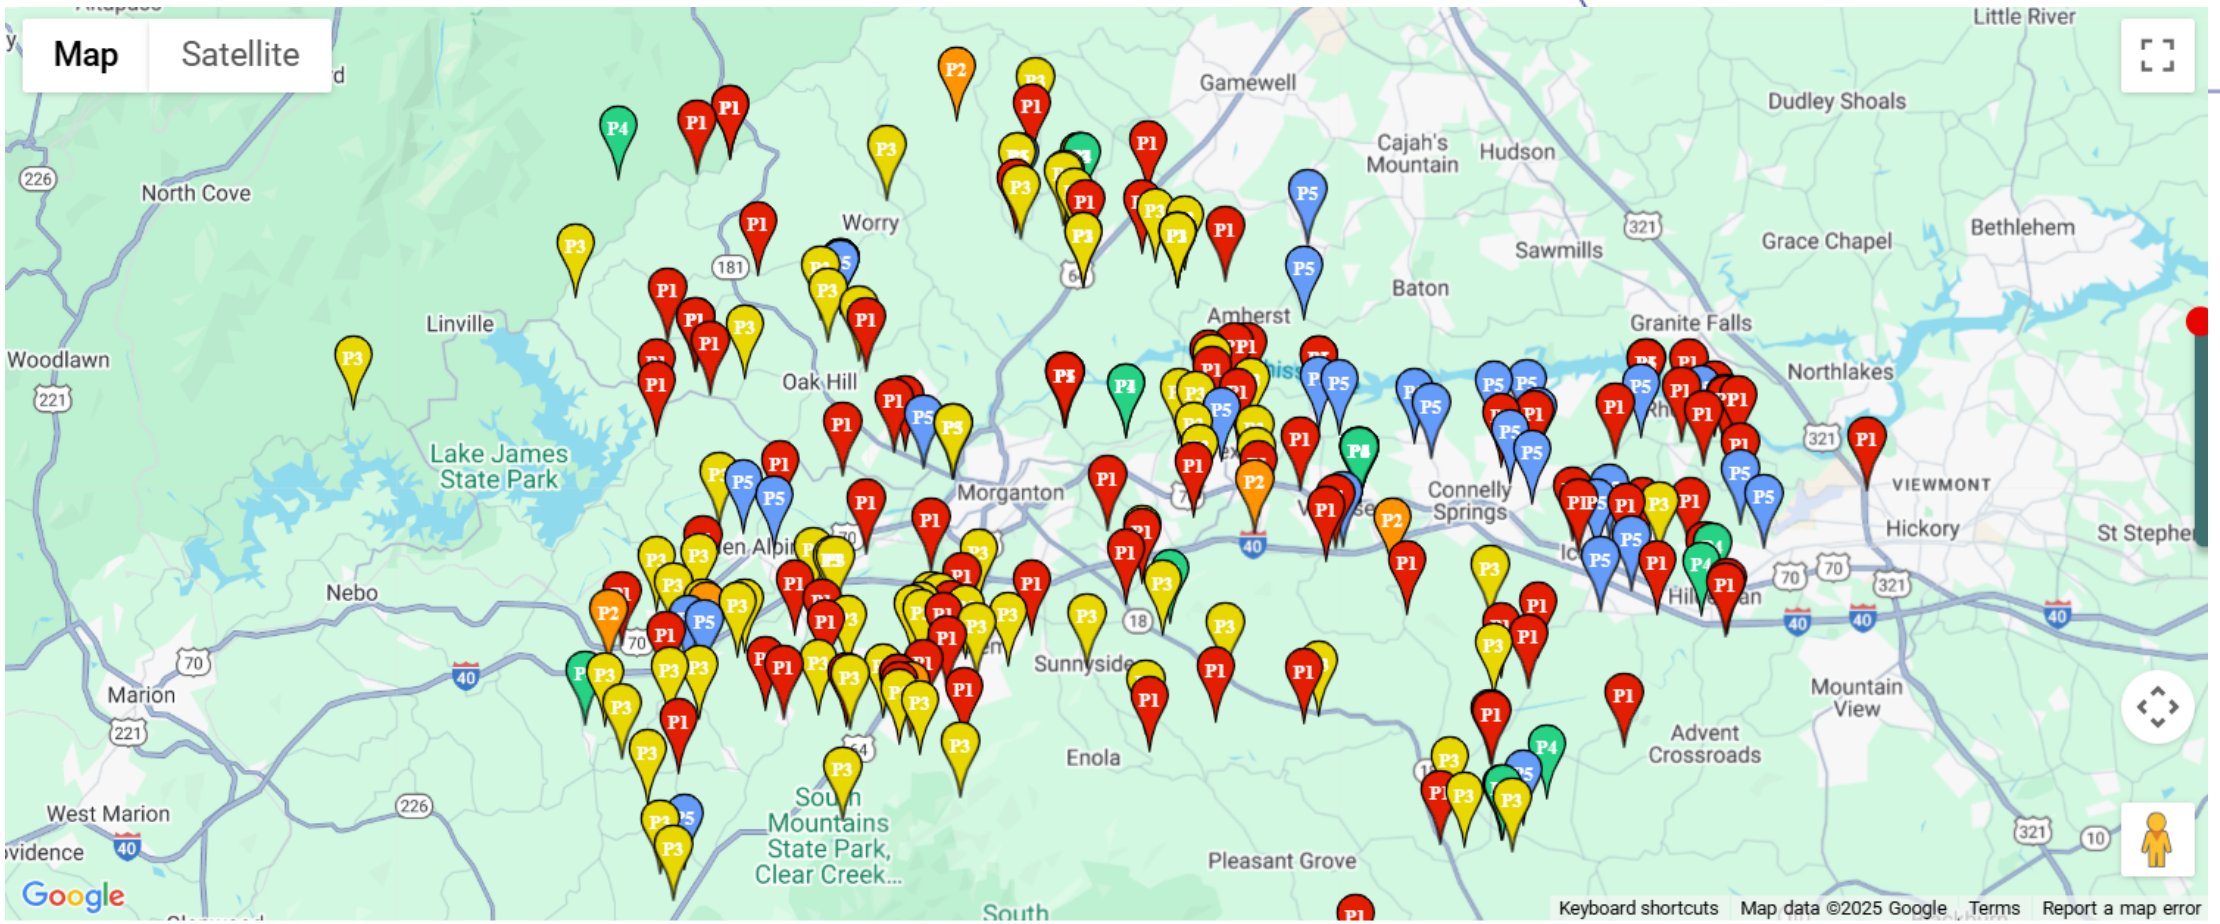

Animal Enforcement Mapping

Mapping Continued

After Community Outreach Identifiers

Community Outreach and Field Support

- Worked proactively with several properties to address large groups of dogs and cats through outreach and support (vaccines, resources, spay/neuter).
- We have been piloting since September, and so far, we have assisted 12 families and 122 animals.
- Focused on solutions that prevent intake rather than enforcement-only approaches.
- Provided food, supplies, and education to help families keep pets safely at home.

New Shelter Training and Transition Plan

- **Training today for the shelter of tomorrow.**
- Implementing new practices and procedures now to ensure a smooth “day one” in the new facility.
- Finalizing equipment and supply needs to fully support operations on opening day.
- **Cross-training staff** across all divisions for flexibility and consistency.
- **Leadership development** to prepare future supervisors and team leads.
- **Operational readiness:** refining SOPs, emergency procedures, and customer service standards.
- **Change management:** involving staff in the planning process to promote buy-in and confidence.

Shelter Personnel of the Year Award – Katie Liammaytry

Current Challenges

- **Facility constraints** are creating space challenges and not serving current operations most efficiently.
- **Increased community need** for outreach and support with limited resources.
- **Managing large-scale intakes** while maintaining animal flow and quality of care.
- **Balancing enforcement and education** in complex community situations. We focus on long-term solutions for compliance.
- **Preparing for new facility operations and processes** while maintaining current service levels.

Call to Action

It takes a community to care. Join us in keeping Burke County's pets — and people — safe, healthy, and loved.
