Lenoir, NC 28645

Dear Trevor,

We are pleased to submit the attached Toyota CLASS V (I.C. FORKLIFT) quotation for your review and approval.

As an authorized Toyota dealer, Vesco Toyotalift can provide the high-quality equipment and service you would expect from the world's leading forklift manufacturer. This quotation reflects our understanding of your forklift needs, combined with a careful configuration of the appropriate equipment and options.

To place your order, please sign and date the quotation where indicated and return to me. If you have any questions, please contact me.

Thank you for your interest in our company and our Toyota products. We look forward to being of valuable service to you for your material handling needs.

Sincerely,

Phone: 828-322-2105

To:	Caldwell County Emergency Services 2145 Norwood St Lenoir, NC 28645	Date: Quote No:	October 01, 2025 0130105446
Attn:	Trevor Key	Phone:	828-260-6659

We respectfully submit this quotation for the following **USED** Toyota Internal Combustion Lift Truck (1 each):

Toyota...Proud to be the world's #1 forklift manufacturer!

TOYOTA MODEL 50-8FGU32, Internal Combustion Lift Truck, quality engineered with the following specifications:

- Pneumatic Tires
- LP Gas Powered - UL Type "LP" Rating

This forklift is equipped with a 3-Way Catalytic Muffler System as standard equipment and conforms to current Federal EPA and California ARB regulations for off-road large spark ignited engines.

Photo may portray optional equipment not included in your quotation.

SYSTEM OF ACTIVE STABILITY™ (SAS)

Toyota's industry exclusive System of Active Stability (SAS) helps reduce lift truck instability by electronically monitoring and controlling various functions of the lift truck.

- **Active Control Rear Stabilizer:**
  Various lift truck sensors simultaneously monitor vehicle speed, fork height, load weight, and vehicle yaw (or angular acceleration). Should the operator inadvertently place the truck in a potentially unstable lateral condition, the sensors trigger the S AS controller to activate the Active Control Rear Stabilizer to help reduce the likelihood of a lateral tip over. (Note: Does not apply to dual drive configured models)
- **Active Mast Function Controller (AMC):**
  Should the operator inadvertently place the lift truck in a potentially unstable longitudinal condition, these same sensors trigger the SAS controller to activate the AMC, which limits forward tilt and/or tilt back speed to help reduce the likelihood of a longitudinal tip over.

AUTOMATIC FORK LEVELING

Toyota's Automatic Fork Leveling feature increases productivity while reducing damage with a push of a button. By depressing the Automatic Fork Leveling button during forward tilt, operators are quickly and easily able to level the forks.

PREMIUM, 4-WAY ADJUSTABLE, FULL SUSPENSION SEAT WITH ORANGE, NON-CINCHING SEAT BELT

Operator comfort is taken to a new level with Toyota's Premium, 4-way adjustable, full suspension vinyl seat. With lumbar, weight, tilt, and almost 6 inches of fore/aft adjustability, your operators will be comfortable and productive throughout their shift. Standard orange, non-cinching seat belt provides additional comfort in applications requiring frequent reverse travel.

LCD MULTI-FUNCTION DISPLAY II

Features on the new MFD II include data log functions, fuel information, & operation data log all with QR code output; fuel gauge (excluding LP); and password protected administrator level access that can manipulate functions such as travel, vehicle management, and operation data log functions.

Mast

2-Stage (FV) mast with full free lift provides excellent visibility to load and fork tips, while providing smooth, quiet and consistent operation.

Mast Specifications:

- Maximum Fork Height - 131.5”
- Overall Lowered Height - 85.0”
- Over Head Guard Height - 85.50”
- Free Lift - 37.2" with standard Load Backrest

Lifting Capacity

Base Model Capacity – 6,500 lbs @24” load center

Actual Capacity, based on quoted specifications - 6,500 lbs @24” load center to 131.5” MFH

Actual capacity ratings stated above are based on standard features, options, and attachments available through Toyota at the time of quoting. Non-standard features, options, and attachments may affect actual capacity ratings. Please contact your Toyota sales representative for additional information.

Tilt

6 degrees forward and 11 degrees backwards

Carriage

ITA Hook Type 42" Carriage

Attachments

4 Way Valve (With 3rd & 4th Function Internal Hosing)

Speeds

Travel Speed: 11.50 mph Lift Speed: 96 fpm

Engine

2.2L 4Y-US Industrial LP Engine
136 cubic inch displacement, 4 cylinder, overhead valve (OHV)
Net Torque Rating: 112 @ 1800 rpm SAE ft-lb
