What do you feel are your qualifications for serving on the board requested?

Having grown up in Flatbrookville, I have an understanding of the town's history, values, and community needs. My professional experience includes working with businesses to solve complex issues and leading groups to achieve common goals. My time living in both larger & smaller communities has given me broad perspective on planning, growth and development.

3._____

What do you feel are your qualifications for serving on the board requested?

I first submitted an application for the planning board in 2017 and have applied many times since. I have a professional background in development and bring with me an understanding of the developer perspective. My colleagues from the New Fletcher Library Partners, Fletcher Youth Baseball and Softball, and the Fletcher ABC Board can all attest to me being a hard worker who is eager to help and easy to work with. I have actively attended planning board meetings and am familiar with the issues that come before the Planning Board, and the other members I hope to serve alongside.

I want to sincerely thank you for your consideration and if there are any reservations you might have about my appointment I hope you will allow me the opportunity to address them.

I understand this application is public record and I certify that the facts contained in this application are true and correct to the best of my knowledge. 1. ____Planning & ZBA Board_____

2. ____Parks and Recreation Advisory Board_____

3._____

What do you feel are your qualifications for serving on the board requested?

During 15 years in the fitness industry, I spent a significant amount of time managing very large facilities, working with fire departments, building inspectors, health inspectors, and contractors to ensure compliance and successful project management.

From 2018-2019 I oversaw the brand new construction of a 5500 square foot fitness facility in a small town with strict zoning regulations and historic preservation guidelines. We had to ensure that everything from our window designs to exterior lighting complied with the requirements of the town.

These experiences have given me insight into the mandates these boards have to build a community in their citizens and residents' visions while recognizing the sense of urgency and cooperation that small, homegrown businesses require to be successful.

Living next to Bill Moore Community Park, I have probably visited the park over 1000 times with my children and dogs. It is one of my favorite places of any I have visited and it brings character, community, and soul to Fletcher. I believe that the park, supporting it, and enabling access to it, should be central to planning decisions made by the board.
