Internet Access

Stable Network: Our robust fiber infrastructure ensures consistent performance, even during peak hours.

Customer-Centric SLA: Unlike other providers, we measure our 99.995% Service Level Agreement (SLA) from your location—not just within our network.

Blazing Speeds: Choose from speeds ranging from 100 Mbps to a lightning-fast 10 Gbps.

Ethernet

Carrier Ethernet for Enterprise Networks:

- Conterra's carrier Ethernet simplifies planning, deployment, and delivery across offices or locations.
- Scalable from 10 Mbps to 10 Gbps, it adapts to changing business needs.
- Offers dedicated (EPL) or virtual (EVPL) services in various topologies (point-to-point, point-to-multipoint, or multipoint-to-multipoint).

Custom Solutions:

- Conterra's experts design tailored solutions that capture your specific WAN requirements.
- Streamlined management capabilities over a simplified fiber network infrastructure.

Reliability and Support:

- Industry-leading SLAs (Service Level Agreements) with 99.995% availability.
- Prescient local support and a 24x7x365 Network Operations Center (NOC).
