APPLICATION FOR A VARINACE (VAR)
BREVARD BOARD OF ADJUSTMENT

PURPOSE OF VARIANCE – A variance is the official allowance of a variation from the dimensional requirements of the City of Brevard Unified Development Ordinance or other development regulations. An applicant for a variance must demonstrate valid reasons which create a need for a Variance. These reasons cannot be strictly economic in nature and must generally involve some physical problem with the subject property which will not allow it to be developed in a reasonable manner if City development regulations are followed literally, such as a lot which is substandard in area or width.

BOARD OF ADJUSTMENT - The Board of Adjustment or BOA, is the official City Board that considers request for variances. The BOA receives sworn testimony at its meetings and issues decisions on variance requests based on this testimony. It is the responsibility of each applicant for a variance to attend the BOA meeting and present sworn testimony in support of the request. Authority to grant a variance is found in 16.8.E of the City of Brevard's Unified Development Ordinance pursuant to North Carolina General Statute's 160D-705. The Unified Development Ordinance requires that the Brevard Board of Adjustment, when granting a variance must find that all four (4) of the following standards found in UDO Chapter 16.8.E.2. exist. In the spaces provided below, indicate the standards that you intend to show and the arguments that you intend to convince the Brevard Board of Adjustment that it can properly reach the four (4) required conclusions:

REASONS FOR VARIANCE REQUEST - Explain in your own words why you are requesting a Variance. Be sure to clearly indicate the problem(s) you will experience in complying with the City development regulations. (Attach additional sheets if needed.)

SEE ATTACHMENT A

The BOARD OF ADJUSTMENT is required to make the following four (4) findings before granting a Variance. Write a thorough response to each of these items.

1. Unnecessary hardship would result from the strict application of the regulations. It shall not be necessary to demonstrate that, in the absence of the variance, no reasonable use can be made of the property.

2. The hardship results from conditions that are peculiar to the property, such as location, size, or topography. Hardships resulting from personal circumstances, as well as hardships resulting from conditions that are common to the neighborhood or the general public, may not be the basis for granting a variance.

3. The hardship did not result from actions taken by the applicant or the property owner. The act of purchasing property with knowledge that circumstances exist that may justify the granting of a variance shall not be regarded as a self-created hardship.

4. The requested variance is consistent with the spirit, purpose, and intent of the regulations, such that public safety is secured, and substantial justice achieved. Substantial justice is not achieved when granting the variance would be injurious to the neighborhood or to the general welfare.
