Leonard Antonelli and Jacob Hill Bicycle Safety Zone Act of 2025
Aka: *Lennie's Law*

To honor the lives of Leonard Antonelli (Lennie, 27) and Jacob Hill (Jake, 32) - who tragically lost their lives on July 1st, 2025 when a commercial vehicle crossed the center line on a weekly group cycling ride near Asheville, NC on a popular cycling route - this bill proposes a simple solution to encourage and enforce stricter adherence to posted speed limits on popular cycling routes in North Carolina.

Similar to school zones with reduced speed limits and higher penalties for speeding, **Lennie's Law** proposes to designate certain popular cycling routes as **Bicycle Safety Zones** with higher penalties for speeding.

Local and State officials shall make road designations based on data of cycling related accidents and feedback from cycling groups in communities. Once a stretch of road is designated as a Bicycle Safety Zone, new signage should be put up along the route utilizing the existing "share the road" sign with this additional signage:

Bicycle Safety Zone
Fines Higher for Speeding
Next 15 Miles

This simple, cost effective measure will raise awareness of cyclists on the road and impose a greater penalty for disobeying posted speed limits - a leading cause of cyclist/vehicle related accidents.

It's time we had safer places to ride in Western North Carolina, and Lennie's Law is one easy piece of legislation that will move us further down the road in honor of two young cyclists who should still be riding today.
