To Whom It May Concern:

The City of Lincolnton currently is wanting to purchase a shoring/trench box. Currently the City of Lincolnton does not have a trenching box and has to rent one when needed or call a contractor to help. One of the main concerns is needing it after hours, on weekends or in an emergency and not being able to get access to one. It would make it safe having one the guys are familiar with using and would also be available for all city departments including Fire Department if one is ever needed.
