Dedication of Streets

The Town of Black Mountain shall not accept as a public street, any street extension, new street or part thereof until inspected by the Public Works Director and the Fire Marshal and has met the following requirements:

1. A Street Dedication application signed by all property owners of property over which the street or right-of-way passes.
2. Where necessary, property owners must be willing to purchase approved culverts to install under new constructed driveways.
3. Must be approved by the Public Works Director and the Fire Marshal upon inspection.

The Town will not perform any work, use any labor or material or authorize any expenditure on the improvement of, or service to any street or part thereof until it has been accepted by Town Council.

The Town will not enforce any restrictive covenants applicable to the improvements dedicated and accepted by the Town.

Streetlights are not dedicated to the Town but rather remain the property of the electric provider. The Town will pay the utility bill associated with streetlights located in the right-of-way of dedicated streets when all of the following conditions have been met:

1. Street dedication has been accepted by Town Council,
2. Town receives a written request for utility bill transfer from the current bill owner, including a copy of the utility bill with all pole numbers to be transferred, and
3. Field inspection verifies the streetlights to be transferred.
