Please use additional sheets if necessary.**

I have lived in Buncombe county and or Asheville since 1982. I have been a nurse working first at STJ Hospital for 11 years, 3 years at the Baptist Retirement Home then 23 years at Mission Hospital before coming to AB Tech.I have a Masters Degree in Nursing Education and enjoy working with the public. I do see a big need to have voices heard from both sides from the police and from the community. I see how Asheville is growing and the disparity that has developed between the new residents and the natives concerning growth and the increase in crime that it has brought to the area. I have seen first hand the increase of the opioid crisis in our area and the need for interventions of a increase of a positive police presence though out all aspects of our community. I feel this would be a great way to give back to my neighbors and my community. I am willing and eager to use my network and professional skills to further the Citizens/Police Advisory Committees mission to advocate for programs, ideas, and methods to improve the relationship between the police and community.
