Key Takeaways

- After discussion with the Committee and City and County staff, Mountain BizWorks proposed meeting on the fourth Friday of the month for the 2026 calendar year.
- This change in timing will align Mountain BizWorks' report to the Operating Committee with its monthly board meeting, removing some burden to Mountain BizWorks staff.
- Additionally, the change in timing will allow for more current data to be available during MCCF Operating Committee meetings.
- After meeting with City's legal council, it was determined that future hybrid or virtual meetings must be recorded. Fully in-person meetings do not need to be recorded.

Suggested Motion

- Based on prior sentiment from the Operating and applicable rules, Staff suggests the following motion:
    - I motion to schedule this committee's regular meetings as in-person at 9:15 A.M. in Asheville City Hall's 6th floor training room on the fourth Friday of the the month starting in January 2026.
- Pending committee vote, Clerk's office will send official notice of the time change ahead of the next meeting.
