French Broad River Park Project Questions and Answers

- On June 1, 2026, members of the People and Environment (P&E) and Infrastructure Recovery Board (IRB) convened for an informal, non-quorum review of the French Broad Riverfront Project. The primary objective of this meeting was to review the project development to date and provide an opportunity for board members to pose questions and gain collective understanding ahead of the upcoming joint board discussion scheduled for June 23, 2026. The document linked below outlines the inquiries submitted by board members and the subsequent responses provided by City staff.
